

## CopySmartBlast CD Duplicators

CopySmartBlast CD Towers make stand alone manual copying of CDs easy and affordable. Now upgraded these CD copier towers utilise a 40GB hard disk drive to copy from and have a built-in controller. There are 3 models available with either 3, 7 or 14 target CD recording drives. Use these units totally standalone or utilise the USB 2.0 interface to manage images on the hard disk.

The CopySmartBlast CD Towers have a highly intuitive, simple to use interface. Press just one button to copy from the hard disk to the DVD recorders. There is no complex operating system to learn.

## CopySmartBlast CD Duplicators
